- The perfect harmony of art and technology, Nanoleaf Elements are both beautiful wall art and customizable ambient lighting made to look beautiful on or off.
- Create geometric artwork with the nature-inspired organic Hexagon shapes or turn them on to set the ideal ambience.
- Create a truly personalized lighting experience. Explore your own unique lighting designs by arranging the modular panels into any configuration you want for complete creative freedom.
- From recreating the cozy feeling of a glowing Ember to the sense of escape and relaxation of a Calming Waterfall, Nanoleaf Elements comes with 11 curated Scenes.
- Gently fill your space with a dynamic glowing illumination to set the ideal ambience for unwinding or finding inspiration.
- You can also customize your own to fit your lifestyle. Or turn on Rhythm Music Sync to pair perfectly with your favorite jazz or coffeehouse playlist.
- Set the ideal ambience with adjustable warm and cool whites (1500-4000K) to fill your home with soft illumination.
