Blueo 2.5D Silk Full Cover Glass HD - Samsung Galaxy S24

PN **BSFGHD-S24**
RRP **11,96 €**
EAN **6934663742684**

- 0.33mm High alumina silica glass, light transmittance over 90%, scratch resistant, 9H hardness tempering glass
- 3.5 hours tempering, plasma AF process, initial smoothness ?115°, with 1000g force steel wool 1:1 grinding head and friction testing more than 3000 times.
- Bending Test: from the glued side outward to bend the tempered glass and the glass broken shows dense and evenly leaf patterns
- Drop Test: 1.5M Distance / 64G Force
- Blanking index: 20KG

Package includes:

- glass

Blueo 2.5D Silk Full Cover Glass HD - Samsung Galaxy S24+

PN **BSFGHD-S24P**
RRP **11,96 €**
EAN **6934663742691**

Blueo Full Cover 3D UV Glass - Samsung Galaxy S24 Ultra

PN **B3DUV-S24U**
RRP **27,96 €**
EAN **6934663742707**

- 0.33mm alumina silica glass, light transmittance over 90%
- 4 hours tempering, vacuum electroplating technology, initial smoothness ?115°
- Bending Test: from the glued side outward to bend the tempered glass and the glass broken shows dense and evenly leaf patterns
- Drop Test: 1.2M Distance / 64G Force
- Various phone models match UV glues, 3D large curved surface, smooth edges, perfect fit the screen and case friendly, high definition, and touch sensitive.

Package includes:

- UV glass

Blueo 3D Curved Tempered Glass HD - iPhone 15 Pro

PN **B3DG-I15PRO**
RRP **27,96 €**
EAN **6934663736423**

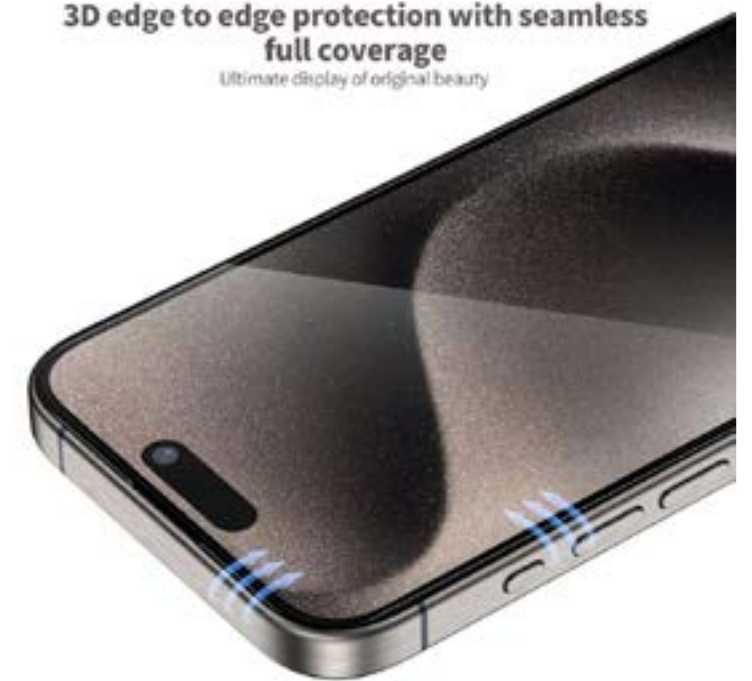

- Real 3D hot bending production craft. Made by a piece of glass. Rounded edge better than original screen.
- Full Glue fitting. Touch very sensitive.
- Full coverage. Invisible like original screen.
- 4 hours tempering, vacuum electroplating technology, Japan ShinEtsu anti-fingerprint oil, the smoothness improved more than 30%, initial smoothness >118°, with 1000g force steel wool 1:1 grinding head and friction testing more than 15000 times. Normal use lifespan reach 18 months.
- Drop Test: 1.8M Distance / 64G Force, Blanking index: 30KG.
- Transmittance: 92 %
- Thickness/Edge: 0,5 mm/3D

Package includes:
• tempered glass

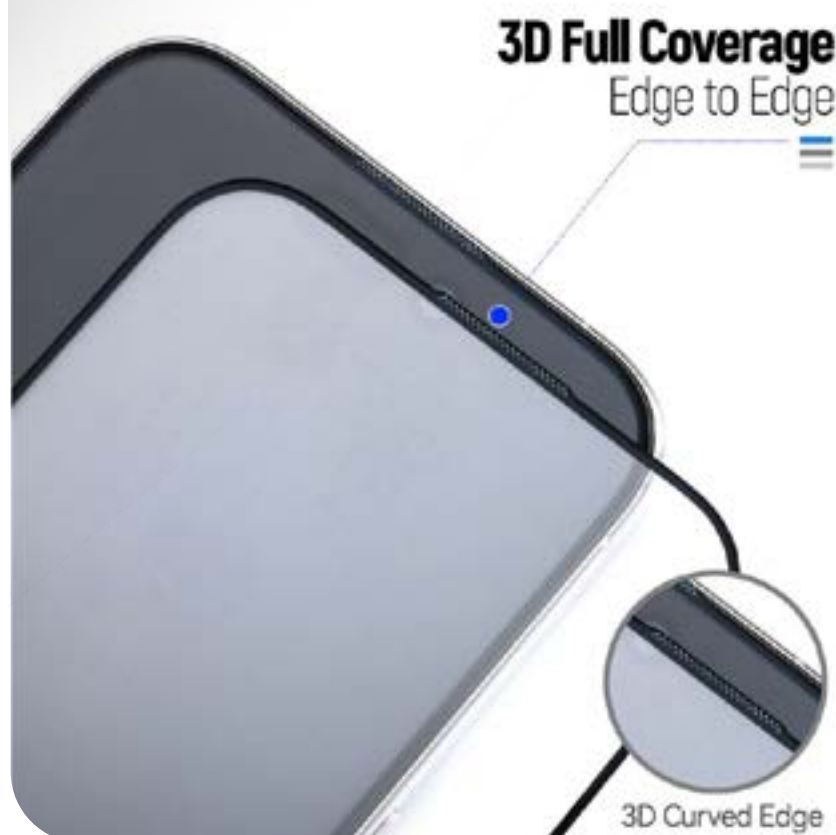

3D edge to edge protection with seamless full coverage
Ultimate display of original beauty

Blueo 3D Curved Tempered Glass HD - iPhone 15 Pro Max

PN **B3DG-I15PROM**
RRP **27,96 €**
EAN **6934663736430**

**Blueo 3D Invisible Airbag T.Glass
- iPhone 15 Plus/14 Pro Max**

PN **B3DAIR-I15PLUS**
RRP **19,96 €**
EAN **6934663740437**

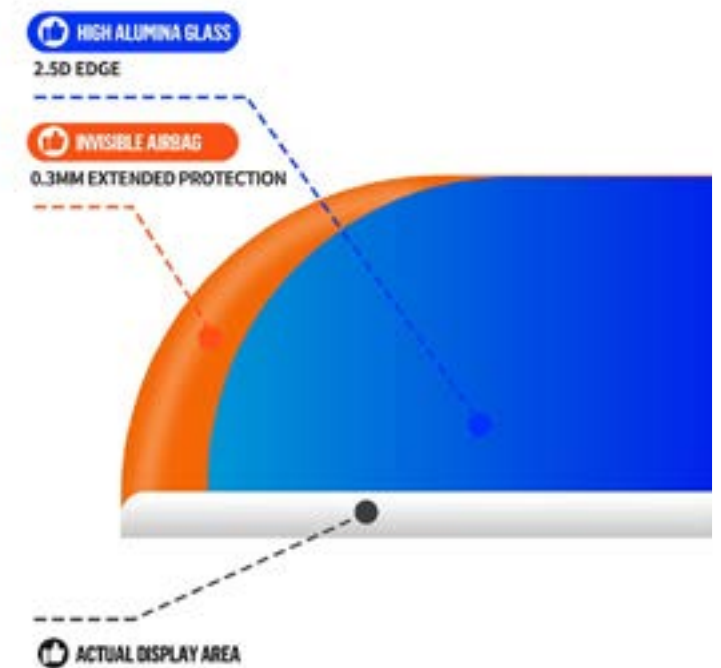

- Extended Coverage: the Invisible Airbag extends its coverage by 0.3mm towards the edges of the tempered glass, providing more comprehensive protection and a smoother touch feeling!
- Durable Anti-Broken Edges: the Invisible TPU edges eliminate worries about edge breakage, ensuring long-lasting durability!
- Invisible Aesthetics: BLUEO 3D Invisible Airbag Anti-broken Tempered Glass uses a new generation precision mold stamping and integral molding process, achieving a seamless fusion of TPU and tempered glass edges that providing a nearly invisible visual experience.
- 4 hours tempering, vacuum electroplating technology, Japan ShinEtsu anti-fingerprint oil, the smoothness improved more than 30%, initial smoothness $\geq 118^\circ$, with 1000g force steel wool 1:1 grinding head and friction testing more than 15000 times. Normal use lifespan reach 18 months.
- Drop Test: 1.8M Distance / 64G Force, Blanking index: 30KG.

Package includes:

- glass

**Blueo 3D Invisible Airbag T.Glass
- iPhone 15 Pro**

Blueo AR 3D Curved Tempered Glass HD - iPhone 15 Pro

PN **BAR3DG-I15PRO**
 RRP **31,96 €**
 EAN **6934663736447**

Installation Guide

- Real 3D hot bending production craft. Made by a piece of glass. Rounded edge better than original screen.
- Full Glue fitting. Touch very sensitive.
- Full coverage. Invisible like original screen.
- Blueo the first one factory do AR anti-reflective tempered glass.
- Anti-reflective coating tempered glass, against the bright light, make its display much higher definition!
- For the purpose of reduce the dazzle under the bright light, Blueo used of Carl Zeiss T coated.
- SLR cameras, professional cameras, vivo X70 series, automotive center console Weilai, Tesla, iPad Pro etc. all use Zeiss T coating.
- To improve the light transmittance over 95% also deduct the reflection to 0.8%.
- 9.4 hours tempering, vacuum electroplating technology, Japan ShinEtsu anti-fingerprint oil, the smoothness improved more than 30%, initial smoothness ?118°,with 1000g force steel wool 1:1 grinding head and friction testing more than 15000 times. Normal use lifespan reach 18 months.
- 10.Bending Test: from the glued side outward to bend the tempered glass and the glass broken shows dense and evenly leaf patterns.
- Drop Test: 1.8M Distance / 64G Force, Blanking index: 30KG.

Package includes:

- Tempered Glass
