Mobile Origin Screen Guard

- **Maximal Protection for Your iPad:** Orange Screen Guard iPad offers maximum protection for your iPad. This screen protector is designed to resist scratches, impacts, and other damage.
- **Fingerprint Resistance:** This iPad screen protector is equipped with a special layer that minimizes fingerprints and other smudges. The difference in fingerprint elimination is significant. If any fingerprints appear on the screen, they can be easily removed with a dry cloth compared to the bare display.
- **9H Hardness:** It boasts the highest hardness level achievable for ordinary glass. Higher hardness can only be found in much more expensive yet brittle sapphire glasses.
- **2.5D Curved Surface:** The screen protector with a 2.5D curved surface is shaped to perfectly fit your iPad, providing maximum protection even at the edges of the display. Its elegant design ensures comfortable use and a stylish appearance.
- **6 Layers of Glass:** Orange Screen Guard for iPad consists of six layers. This layering combination ensures secure protection against scratches, impacts, and other damage, while maintaining perfect touch sensitivity and display clarity.
- **Quick and Dust-free Installation:** Unique installation using a mounting frame with a final system for removing any small dust particles just before application. Following the installation process ensures fast, precise application without dust under the glass. Installation is manageable for everyone.
- **Bubble-free:** The mounting frame, combined with special adhesive, ensures application without leaving bubbles under the glass. The glass adheres evenly to the display, ensuring a clear image.

Package includes:

- Cleaning kit
- Glass screen protector
- Installation kit

Mobile Origin Screen Guard - iPad 10.2" 2021, 9th gen

- Screen Guard Hybrid film for Apple Watch protects your smartwatch from bumps and scratches. The film is made from quality materials that guarantee long life and wear resistance.
- It fits well on the curved shape of the display glass. The black border helps to make the presence of the film on the watch invisible.
- This film is designed not to affect the appearance, brightness, or functionality, including the touch sensitivity of the display. A quick and very easy solution to protect your Apple Watch.

- Made for curved displays
- Full cover EDGE to EDGE
- Significant bubbles reduction
- Transparent
- Dust removable
- Ultimate Protection

Package includes

- replacement film
 - installation kit with applicator
- (only for models: SGA-AW40, SGA-AW44, SGA-AW45, SGA-AWU)
