Sapphire Lens Guards – iPhone 17 (Black & Clear)

Premium sapphire lens protectors made from 99.99% pure sapphire glass with 9H hardness provide the highest level of protection against scratches, cracks, and fingerprints—without affecting photo quality. Thanks to the AR coating, they maintain 96% light transmittance, while the ultra-thin 0.3 mm design ensures full case compatibility. The package includes an installation frame and tool for easy mounting. Available in two variants – Black and Clear.
