iOttie AutoSense 2 Wireless Air Vent Mount

PN    ATSWCG206  
RRP   73,39 €  
EAN   857199008894

iOttie AutoSense 2 Wireless Air Vent Mount

- Motion sensing technology automatically opens and closes the cradle arms for a seamless mounting experience. To retrieve devices, simply tap the release button on either side of the mount cradle
- Qi wireless charging delivers power to your smartphone on contact
- Vents located around the circumference of the mount help dissipate heat for a more efficient charge
- New rotatable support prevents the mount from drooping when your phone is attached and allows for installation on both horizontal and vertical vent blades
- Internal battery stays charged for up to one hour after unplugging for added convenience
- Cradle rotates, swivels, and tilts so you can find just the right angle to view your phone in portrait or landscape mode
- Adjustable bottom foot extends to four different height settings to ensure proper coil alignment and an efficient charge for devices of all sizes and orientations

Package includes:

- car holder

iOttie AutoSense 2 Wireless Dashboard & Windshield Mount

PN    ATSWCG205  
RRP   73,39 €  
EAN   857199008160

iOttie AutoSense 2 Wireless Dash & Windshield Mount

- Motion sensing technology automatically opens and closes the cradle arms for a seamless mounting experience. To retrieve devices, simply tap the release button on either side of the mount cradle
- Qi wireless charging delivers power to your smartphone on contact
- Vents located around the circumference of the mount help dissipate heat for a more efficient charge
- Adjustable telescopic arm and mount cradle that can rotate, swivel, and tilt make it easy to find the perfect angle to view your phone in portrait or landscape mode
- Internal battery stays charged for up to one hour after unplugging for added convenience
- Firmly attaches to the dashboard and windshield via a powerful, reusable suction cup for a secure hold even on bumpy roads
- Bottom foot extends to five different height settings to ensure proper coil alignment and an efficient charge for devices of all sizes and orientations

Package includes:

- car holder
- dashboard pad

iOttie iTap 3 MagSafe Air Vent Mount with Magnetic Ring Adapter

PN    ITMNCG108  
RRP   22,79 €  
EAN   857199008504

iOttie iTap 3 MagSafe Air Vent Mount with Magnetic Ring Adapter

- New and reworked generation of popular car holder iTap
- Works with MagSafe series iPhones as well as other smartphones and cases via the included magnetic ring

- car holder
  - dashboard pad
  - power adapter

### Ledger Nano S Plus Crypto Hardware Wallet - Safeguard your crypto, NFTs and tokens

- Bigger screen offers easy navigation and a smooth experience
- Large memory lets you install over 100 apps simultaneously and manage over 5500 digital assets
- Buy, sell, swap, and grow your crypto, secure your NFTs, and access DeFi apps and more through our proprietary app: Ledger Live
- Send and receive your NFTs with confidence and full transparency in Ledger Live
- Our secure certified chip (CC EAL6+) protects your assets against the most sophisticated attacks
- Please note that our devices and Ledger Live App are not compatible with Chromebooks

**1. Why a hardware wallet?**

When you own crypto, what you really own is a private key that gives you access to your coins. You need to keep this key completely safe.

**2. What is a hardware wallet?**

Hardware wallets place access to your private keys (and therefore crypto) offline, which means hackers can't get to it - even when your device is connected to your computer.

**3. How is your crypto safer with Ledger?**

Crypto "ownership" is not about the location of the coins, but access control. With Ledger, nobody can access your coins but you (not even us).

**4. Industry-leading security.**

Ledger Nano are the only hardware wallets that combine independent, third-party certification (ANSSI) TBC\* with a proprietary operating system (BOLOS).

**Ledger Live: Your All-In-One Crypto Ecosystem**

Buy over 50 coins and tokens

Swap your coins or tokens in seconds

Send/receive coins to/from other wallets or platforms

Easily track your entire portfolio

Check crypto prices, charts and market cap in real time

Stake your assets and watch them grow in real time

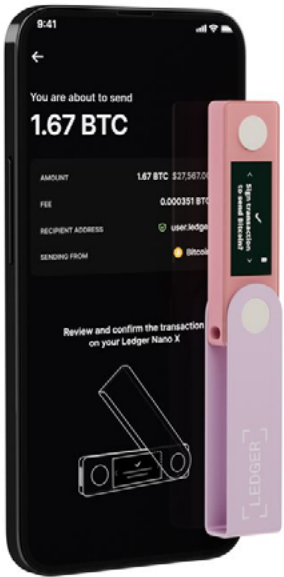

Connect to dApps like 1inch or Lido and take part in Web 3.0!

You can also use an approved third-party wallet to manage coins or tokens not yet supported by Ledger Live

Buy, swap, lend, grow and sell transaction services are provided by third-party partners. Ledger provides no advice or recommendations on use of these third-party services.

Ledger Nano X hardware wallet for crypto assets

- Ledger Nano X is a secure Bluetooth-enabled device that stores your private keys. Make sure that all your crypto resources are safe wherever you are
- protect your crypto funds anywhere with the most advanced hardware wallet
- Ledger Nano X offers state-of-the-art security: your private keys are securely isolated inside a certified secure device (CC EAL5 +), which is the same pin used in credit cards and passports
- Bluetooth wireless connectivity - connect the Ledger Nano X to your smartphone using the Ledger Live Mobile app and make transactions safely anywhere. All bluetooth communication is encrypted
- easy recovery - your crypto devices remain safe even if you lose your device. Simply use the 24-word recovery phrase provided during the initialization of your device to restore your accounts to any Ledger device
- Ledger Nano X can store up to 100 currencies simultaneously including Bitcoin, Ethereum, XRP and many more. Manage all your resources on the same device at once
- Ledger Nano X has been designed to be as intuitive as possible: 2 buttons, 1 screen is all you need to control your device. Easily manage your transactions from your smartphone or computer with Ledger Live PC and Ledger Live Mobile

Technical Specifications:

- dimensions: 72mm x 18.6mm x 11.75mm
- weight: 34g
- abrasive stainless steel and plastic
- 100mAh battery
- connector: USB-C
- certification: CC EAL5+
- chips: ST33J2M0 (secure) + STM32WB55
- compatibility: 64-bit computer (Windows 8+, macOS 10.8+, Linux) or smartphone (iOS 9+, Android 7+)

Supported cryptocurrencies:

- Message Digest: RIPEMD160, SHA224, SHA256, SHA384, SHA512, SHA3, SHA3-XOF, KECCAK, BLAKE2B, Grostl
- Cryptography Key, with key generation: DES (56, 112, 168 bits), AES (128, 192, 256 bits), ECC (256 bits), RSA (1024, 2048, 3072, 4096 bits) RSA encryption with PKCS1 v1.5, PKCS1 OEAP, NOPAD schemes HMAC Signature: HMAC-SHA256, HMAC-SHA512 RSA Signature with PKCS1 v1.5, PKCS1 PSS schemes Elliptic Curve
- Signature: ECDSA/EC-Schnorr (SECP256K1, SECP256R1, Brainpool256R1, Brainpool256T1), EdDSA (Ed25519) Elliptic Curve Diffie Hellman: ECDH (SECP256K1, SECP256R1, SECP521R1, Brainpool256R1, Brainpool256T1, Curve25519) Symmetric Cryptography: DES, Triple-DES, AES with ISO9797M1, ISO9797M2, NOPAD schemes Random Number
- Generation: RND, Prime RND (hardware support TRNG), NIST SP 800-90A CTR DRBG

### Therabody JetBoots Prime

- Recharge your legs anytime, anywhere with the ultra-portable JetBoots Prime compression boots, which weigh only 6 lbs and fold up compactly to fit in a backpack. Featuring a fully wireless design with no wires or hoses, JetBoots Prime offer hassle-free recovery wherever you are. Utilising TruGrade Technology™, these boots accelerate recovery, reduce muscle soreness, and improve performance by delivering precise, science-backed pressure levels sequentially up the leg. The advanced built-in pump system ensures consistent and balanced treatment, optimising circulation and effectively removing metabolic waste more than competitors

### Science-Backed Benefits

- Accelerate recovery
- Reduce muscle soreness
- Improve performance
- Improve flexibility & mobility
- Boost circulation

### Key Features

- Fully wireless and lightweight - no wires, no cables, no cords
- TruGrade Technology™ delivers safe precise pressure levels for optimal circulation
- Simple one-touch control panel and LED indicators built right into the boots for easy treatment customisation
- 4 adjustable pressure levels and 4 time settings for customised treatments - Pressure levels: 25, 50, 75, 100 mmHg - Time settings: 20 min, 40 min, 60 min, and continuous
- Made with easy-to-clean medical-grade materials to withstand heavy use and prevent bacteria build-up
- Up to 3 hours of recovery with ability to use while charging
- Available in 3 sizes: Short, Regular & Long
- Includes drawstring travel bag

### Tech specs

- Weight: 2,86 kg
- Battery life: 180 minutes
- Material: Garment (Boot): 100% Nylon Fabric PU coated, Housing: PC+ABS, Garment (Sleeve): Nylon, TPU, PET, PVC, Pump: PBC+ABS, TPU, PC, TPE, POM, Lithium Ion (Battery), Metals

### Package includes:

- JetBoots Prime device (2 connected compression boots)
- Drawstring backpack
- USB-C charging cable (270 cm)

## Therabody Sleepmask

PN **SM0004081-3A30**  
RRP **99,00 €**  
EAN **840295403366**

### Therabody Sleepmask

- SleepMask is scientifically proven to help you fall asleep faster, stay asleep longer and enjoy deeper rest. Validated by SleepScore Labs, the mask helps you wake up feeling truly refreshed
- Experience complete darkness – at any time of day – with our full blackout design that conforms perfectly to your face to block 100% of light for the perfect sleep environment anywhere
- Choose from 3 quiet, sleep-inducing vibration patterns with adjustable intensity levels that help you relax, fall asleep faster and get better quality sleep
- Soft, breathable fabric fits every face shape and is safe for all skin types. The adjustable, non-slip strap guarantees a snug, secure fit that prevents hair tangling so you can sleep comfortably on your back, side, stomach or even sitting up

### Tech specs

- Dimensions: 260 x 102 x 260mm

- Battery life: up to 240 minutes
- Material: Housing: (PC+ABS) + (PC) + PVC + Sofa Fabric Stap: Knitted cotton fabric and nylon Inner Liner: Birdye Fabric
- Vibration modes: Pulse, Wave, Constant

### Package includes:

- SleepMask device
- USB-C charging cable
- Travel pouch

## Therabody SmartGoggles 2.0

PN **SG0004133-3A10**  
RRP **199,00 €**  
EAN **840295405841**

### Therabody SmartGoggles 2.0

- The redesigned SmartGoggles deliver a science-backed combination of compression massage, heat and vibration therapies to enhance relaxation, reduce stress, relieve tension headaches, ease eye strain and improve your sleep - in just 15 minutes or less! Now lighter, quieter and with a 100% black-out design, the SmartGoggles are more comfortable than ever and create a perfect environment for relaxation, no matter where you are. Plus, the innovative SmartRelax treatment uses a proprietary biometric sensor to create personalized vibration patterns based on your heart rate, to further promote relaxation and help lower your heart rate.

### Science-Backed Benefits

- Enhance relaxation
- Reduce stress
- Soothe headaches & eye strain
- Sleep better

### Product Features

- Soothing combination of massage, heat and vibration on the forehead, eyebrows and temples
- New and improved comfortable design: 100% blackout, lighter and quieter, cushioned feel with zero pressure on eyes, adjustable strap curves around ears
- 3 customizable treatments: SmartRelax, Headaches & Eye Strain and SleepPrep
- Lightweight, quiet and portable for relaxation anytime, anywhere
- Customize and control treatments in the Therabody app
- Pair with TheraMind sound therapy content in the Therabody app for a multi-sensory experience
- 120 min battery life (varies by treatment settings) with USB-C charging

### Tech Specs

- Dimensions: 104 x 200 x 94mm
- Weight: 390g
- Battery life: 120 min battery life (varies by treatment settings)
- Material: Housing: (PC+ABS) + (PC) + PVC + Sofa Fabric, Strap: Knitted cotton fabric + Polyester + Nylon, Inner liner: Thermal PU

### Package includes:

- SmartGoggles 2nd Gen device
- USB-C to USB-C charging cable
