Brand Pitaka

Pitaka is a premium brand specializing in manufacturing quality accessories for smart devices. It uses advanced aramid fibers that provide maximum protection while maintaining an ultra-lightweight construction. The brand is known for its minimalistic and sleek design that combines style and functionality. Its innovation and environmentally friendly approach make Pitaka the ideal choice for discerning users.

New iPhone 16 cases

Pitaka introduces a new range of iPhone 16 cases made from lightweight and durable aramid fibre. These cases offer excellent scratch and impact protection without adding bulk. MagEZ magnetic system compatibility ensures easy use with charging stations and other accessories. The minimalist design of these cases maintains the phone's slim profile while providing maximum comfort for everyday use. The perfect solution for those looking for elegance and security in one.
